A game called "The Mad Murderer" has been criticized by Roblox users as being violent. The game allows players to kill other characters by using a knife or a gun. It was reported that German and French users discovered the game while they were in Las Vegas for a conference. In response, Roblox changed the coding of this game so that the users can only use the knife when playing the game, instead of using guns as well. Players who used guns on other players would be banned from Roblox. Roblox stated that they were "going to continue to refine the game".

HelloRoblox2 works in almost the same way as HelloRoblox. It sends you robux once you've uploaded a video on YouTube. However, there is a slight difference. HelloRoblox2 has been around for a while, and because of this, the robux it can send are easier to get. It generally only sends out 100-200 robux per day. This works out to about 1 free robux per week. If you're in a hurry, HelloRoblox2 is probably better than HelloRoblox.

ROBLOX has also joined and partnered with other websites that are similar to it such as Minecraft (Minecraft in ROBLOX) and Robloxian (Minecraft on ROBLOX). These games include games such as MinexCraft, the Grand Theft Auto series, My Top Games, and many others.
